Clinton Public School District’s 2016 Summer Enrichment Program

The Clinton Public School District’s Summer Enrichment Program welcomes students both in and out of the district, in grades PreK-12, to participate in our engaging, developmentally appropriate interactive summer programs. Join us this summer and give your child the opportunity to interact with friends, new and old, while participating in engaging activities with our talented and committed instructors.

Please return completed registration forms along with payment to:

Clinton Elementary School
100 Church Street
Clinton, MA 01510
Attention: Kim Cravedi
Summer Enrichment Coordinator

Information about class offerings can also be found on the Clinton Public School’s website at www.clinton.k12.ma.us

Registration deadline is Monday June 13, 2016

The Clinton Public School District is an Equal Opportunity/Affirmative Action Employer and is in compliance with Federal regulations prohibiting discrimination in employment on the basis of race, color, religion, national origin, age, gender, gender identity, sexual orientation, homelessness, or disability.
Dear families,

Summer is right around the corner! Browse through our 75+ enrichment classes offered this summer at our Elementary, Middle and High School. I’m looking forward to working with the instructors, families and students once again.

Registration is open until Monday, June 13th, but early registration is recommended as classes do fill quickly.

When registering:

* Please read the policies page thoroughly
* Complete, sign and return the registration page (one registration per child)
* Complete, sign and return the media release page (one media release per child)
  * Send in your payment (cash or check) with the registration and media release form to ensure registration is complete.

Registrations can be dropped off in the main office of any of our 3 schools, mailed to the Clinton Elementary School, 100 Church Street, Clinton MA 01510, or returned to your child’s teacher. You will receive confirmation that your registration and payment has been received.

Thank you in advance for participating in the Clinton Public School District’s Summer Enrichment Programs. I’m sure your child will enjoy their experience with these talented and creative instructors. If you have any questions, you can contact me at cravedik@clinton.k12.ma.us

What is Summer Enrichment?

Each year, the Clinton Public School District offers a variety of Summer Enrichment Programs to students both in and out of district in grades pre-K to 12. Instructors take time and consideration in preparing programs that are developmentally appropriate and of high interest level to students. All programs build social skills and interactions between peers and adults, and offer engaging experiences whether the students are practicing or improving particular skills, learning or participating in new activities or just taking advantage of the opportunity to “hang out” and socialize with friends. Pricing is kept at a low cost and scholarships are available to those who qualify. Contact me if you are in need of financial assistance.

Who are the instructors?

Most instructors are affiliated with the Clinton Public School system and all instructors have an updated CORI and fingerprinting on file with the Clinton Public Schools. Their personal experiences working with children, qualifications, occupation, and any relevant certifications are noted along with their program’s description. Each instructor has taken the time to write up a summary of the activities your child will be participating in throughout the week. The instructors have also determined a minimum and maximum number of students for their classes to run effectively and safely, therefore, enrollment is based on a first come first serve basis. It is at the discretion of the instructor to cancel their program if enrollment is low. You will be contacted by June 18th if that decision is made and you will have the opportunity to register for another class or a refund for the class fee and supply fee will be given.

Where are the classes located?

Classes will be held at any of the Clinton Educational School, Middle School or High School unless otherwise noted within the course description. You will be notified prior to the first class where drop off and pick up will be for your child’s program.

When are the classes scheduled?

Summer Enrichment classes will be held for 5 sessions, with a special Kick Off to Summer class the week of June 20-24th!

- SPECIAL Kick off to Summer CLASS — June 20-24th
- Session 1 — June 27-July 1
- Session 2 — July, 5-8
- Session 3 — July 11-15
- Session 4 — July 18-22
- Session 5 — July 25-29

Classes are scheduled as either half day; 9:00am to 12:00pm, or full day session; 9:00am to 2:00pm (unless otherwise noted by the instructor)

What is the cost of each program?

- Tuition for half day programs are $50 per student, plus a non-refundable $10.00 registration fee
- Tuition for Full day programs is $80 per student, plus a non-refundable $10.00 registration fee.
- Instructors may request an additional fee for supplies used during the week. This request is noted on the individual program’s description.
- If classes are cancelled by the instructor due to low enrollment, a refund of the tuition fee and supply fee will be given. (the $10 registration fee is non-refundable)
- Tuition & supply fees may be refunded, if class is cancelled by parents 10 days prior to the start of class (Reg Fee in non-refundable)

How do I register?

Browse through class offerings, find a class that is geared towards your child’s interest and grade level. Complete the registration form (including tuition cost, a $10.00 reg fee per class and any supply fees that may apply) and media release page, and return it to Kim Cravedi at the Clinton Elementary school by Monday June 13, 2016. Enrollment is based on a first come first serve basis. Late registrations will be accepted on a case by case basis under the discretion of the instructor. Mail to Kim Cravedi Clinton Elementary School 300 Church Street, Clinton, MA 01510, have your child bring it to their teacher or bring it to the main office at any of our 3 schools.

What happens after I register?

You will be contacted via email to confirm registration. If the class is cancelled by the instructor due to low enrollment, you will be contacted ASAP, so that you have the opportunity to choose another class or receive a refund of the cost of the tuition and supply fee. Instructors will contact you a week prior to the start of the class you registered for to relay any pertinent information.
**CPS Summer Enrichment Policies**

Your signature on the registration/emergency contact form indicates that you have read and agree to the policies below which are put in place for the safety of all children. You do not need to return this page.

* Students are encouraged and expected to use respectable, responsible and safe behaviors at all times while participating in the programs. Parents will be contacted if the above expectations are not adhered to.

* There is no before or after class supervision. Please arrange to drop off your child between 8:50-9:00am, and pick up at 12:00 or 2:00pm depending on the end time of your child's program.

* You will be notified by the instructor if your child feels ill or is injured in any way. Please be certain that the phone numbers and email addresses are accurate on the registration form for parent and emergency contacts.

* Students will sign an attendance sheet each daily for verification of their attendance. Depending on the age/grade of your child it is the teacher's discretion to have an adult sign the student in and out each day.

* You will be notified prior to the first session as to which door your child should enter and exit.

* Please put the safety of all children first. Use caution when picking up/dropping off your child — there will be many children arriving and many cars coming and going.

**Drop off:**
* **For classes at CES only,** students and parents will meet in the cafeteria on the first day of class to meet the instructor. Students and parents may go directly to their assigned rooms for the remainder of the week.
* Programs held at the Middle or High School or fields, students will report directly to their designated area.
  * Please put the safety of all children first. Use caution when picking up your child — there will be many children leaving and many cars coming and going.
  * Refrain from parking along the curb (yellow fire lane area) of the entrance of both buildings, it is not only a fire zone, but vans will be dropping off and picking up students throughout day.

**Recess/snack/lunch**
* Instructors will allow for a 10-15 min supervised recess time each day.
* Your child may bring snacks and drinks to the program each day.
* If your child is enrolled in an all-day program, please provide them with a healthy lunch, snacks and several drinks.

**Pick Up:**
* Parents of younger children are asked to walk into the building to their child's classroom to pick up their children.
  * Please communicate with the instructor in writing if your child will be picked up early or by someone other than yourself for safety reasons.
  * Students with parent permission (as indicated on the registration/emergency form) may walk home.
  * Again— please put the safety of all children first. Use caution when picking up your child — there will be many children leaving and many cars coming and going.
  * Refrain from parking along the curb (yellow fire lane area) of the entrance of both buildings, it is not only a fire zone, but vans will be dropping off and picking up students throughout day.

The goal of this class is to provide opportunities to experience important concepts in science, technology, engineering and math. Each day will be filled with activities that will encourage the children to: 1. Ask questions and be curious as they experiment with bubbles and shadows, 2. Build, compare, create and design by using mega blocks, large Legos and using tools to make things work, 3. Explore and experiment magnetic properties through play, 4. Think creatively and differently as they work on their project-building ramps, supplementing building blocks with small cars, trucks, animals and other recycled items, 5. Use their problem solving skills by allowing their imaginations to soar and have fun using their abilities to hear, see, smell, touch, and taste. All these can help children learn about themselves and the world. Daily activities of the children are catered in a classroom, outdoor playground and in a BIG SPACIOUS GYM!!

Regina is an Early Childhood Specialist of Clinton Public Schools Community Partnerships for Children for more than 10 years. She provides various quality programs for young children and parents. She is the instructor and creator of a music and movement program called Movin’ and Groovin’ that benefits young children in Clinton and neighboring towns.

Come and design your own personal baker's apron and learn how to bake your favorite recipes. You will create unique and tasty treats while using your baking skills. While doing this, you will learn how to read a recipe and how to measure ingredients. You will be able to choose from cake pops, donuts, waffle sticks and cupcakes and other tasty treats and now this year, mini pies! The best part is being able to enjoy your treats after you make them.

A fun week of nature adventures on Clinton’s Rauscher Farm, 60 acres, open space acres of meadows, hayfields, woodlands, and water. (Clamshell Pond). Each day will explore a different part of the farm in search of the wildlife–animals, birds, insects, plants, trees, water critters and plants and trees—that calls Rauscher Farm home. Day by day, we will create a Rauscher Farm Field Notebook of all the neat things we find. The field notebook will be important for future conservation efforts on Rauscher Farm. Should it rain, farm buildings will shelter us so we can continue our adventures and stay dry! Rauscher Farm Nature Adventures will be led by Gloria Parkinson.

Gloria has been organizing Rauscher Farm events, such as nature programs, since 2009. She is a member of the Rauscher Farm Management Subcommittee, a subcommittee of the Clinton Conservation Commission; a board member of the nonprofit Clinton Greenway Conservation Trust, Inc., and a trustee of the Clinton Bigelow Free Public Library. Gloria holds degrees from Harvard College and Brown University.

The goal of this class is to provide a rich, fun, diverse, musical experience for children in a large space of the school and classroom of CESRC. Children will have an opportunity to express themselves freely through music and creative arts such as singing expressively while the teacher plays the piano, use other musical instruments, create their own musical instruments, use puppets with crafts, express themselves freely through creative dance, hand or body movements, play quality musical instruments, and use props (scarves, ribbons, scooters, parachutes, balls etc) to explore space and movement in a BIG and SPACIOUS GYM! Presentation on the last day! Friends and families are invited!

Regina is an Early Childhood Specialist of the Clinton Public Schools Community Partnerships For Children for more than 10 years. Provides various quality programs for young children and parents. Instructor and creator of music and movement program called Movin' and Groovin' that benefits young children in Clinton and neighboring towns.
